On September 6, 2023, the Erasmus+60 Steering Committee met in Split to discuss the project's progress. On September 6, 2023, the Erasmus+60 Steering Committee met in Split to discuss the project's progress.
On the agenda were topics on the progress of the learning, teaching and training activity "Promiting active ageing and well-being" in Split. An event organized to bring together senior citizens and give them the opportunity to try out the courses developed as part of the project. We also discussed the progress of PR5, which involves making contact with stakeholders and drafting a policy recommendation.
